

Chi siamo

iCubed fornisce servizi di consulenza e formazione IT su tutto il territorio italiano e Canton Ticino.

I soci fondatori hanno un'esperienza comune in Microsoft e Mondadori Informatica Education. Da oltre 10 anni sono speaker nelle principali conferenze italiane, docenti di corsi di successo ed autori di libri in italiano ed inglese.

La missione aziendale è la creazione di un centro di eccellenza sulle tecnologie Microsoft, che sia in grado di supportare il business di aziende di medie e grandi dimensioni, sia in Italia che all'estero.

Nel corso degli anni, i consulenti iCubed hanno maturato un'ampia conoscenza non solo delle tecnologie ma anche dei processi che portano a creare e gestire percorsi formativi fatti su misura del cliente.

Gli attuali ambiti di formazione sono incentrati sui prodotti Microsoft, HTML5 e Web Design, Mobile, Oracle, Java, Adobe e AutoCAD, ITIL, PMI, PRINCE2, Agile, VMware, Security, Cisco e IBM.

Le primarie aziende italiane ci hanno scelto per la qualità dei nostri servizi. Provare per credere.

ASPIItalia.com

ASPIItalia.com Network rappresenta con i suoi siti, la più grande comunità italiana di sviluppatori.

Il nostro punto di forza è la nostra Community: professionisti e “hobbisti” che hanno bisogno di informazioni e di tecniche migliori per sviluppare applicazioni web-based, in ambito Windows o .NET, da LINQ a Microsoft Azure, passando per Angular, web e Windows 10.

Creato nel 1998 da Daniele Bochicchio – Chief Digital Officer di iCubed - il network vanta i seguenti numeri:

- 63.000 utenti iscritti
- 1.8 Milioni di pagine viste al mese
- 7.900 utenti giornalieri, con 95.000 utenti unici al mese

Le grandi realtà in Italia ed in Svizzera ci hanno selezionato per aggiornare le competenze dei propri sviluppatori, certi di avere in aula docenti riconosciuti e con un'ampia esperienza pratica nello sviluppare software di qualità.

Corsi

Negli ambienti aziendali odierni, avere uno staff IT competente fa la differenza nel successo del business.

Noi siamo impegnati nel fornire il più alto standard qualitativo nella formazione sulle tecnologie più avanzate in Italia.

Questo impegno si estende in ogni aspetto della nostra attività, dalla divisione commerciale che può aiutarti ad identificare i percorsi più utili a soddisfare le tue esigenze, ai nostri istruttori certificati che trasmettono le loro conoscenze e la loro straordinaria competenza in ogni sessione.

Il nostro elemento distintivo è selezionare insegnanti che siano in grado di non fermarsi alle mere informazioni contenute nei libri di testo, ma che siano abili nel creare un ambiente formativo che risponda alle esigenze specifiche di ogni studente.

Le modalità proposte sono principalmente tre:

- **CORSI PUBBLICI A CALENDARIO**
- **CORSI ON SITE**
- **CORSI ONLINE**

Corsi pubblici a calendario

Ogni settimana si erogano corsi inter aziendali presso le nostre sedi di Milano, Bologna e Roma, secondo un calendario pianificato.

Gli allievi possono apprendere in ambienti confortevoli, dotati di strumentazione funzionale e di alto livello.

I corsi pubblici permettono l'interazione con studenti di altre aziende, creando un ambiente di apprendimento collaborativo e multiculturale.

I nostri corsi prevedono lo svolgimento di esercizi su laboratori già creati e pronti all'uso, simulando situazioni che potrebbero presentarsi in ambiente lavorativo, fornendo agli studenti un'esperienza pratica di Problem Solving.

Tale plus si concretizza nella linea dei corsi ICW (iCubed Workshop), creati dai fondatori della società.

Visita il sito training.icubed.it per conoscere il calendario corsi.

Corsi On-Site

I contesti aziendali riservano un'attenzione sempre crescente al contenimento delle spese di trasferta del personale e dei budget riservati alla formazione, nonché all'ottimizzazione dei tempi e delle risorse.

Al fine di aiutare le aziende nel raggiungimento di questi obiettivi, forniamo la formazione necessaria direttamente in loco. I corsi richiesti possono essere tenuti direttamente presso la sede del cliente, nel rispetto delle normative igienico-sanitarie vigenti in tema Coronavirus (Covid-19).

Se richiesto, il contenuto dei corsi on-site può essere personalizzato, allo scopo di soddisfare le diverse esigenze di implementazione, fornendo dei veri e propri percorsi ad hoc.

Il nostro personale sarà lieto di fornirvi ogni informazione utile a confezionare per voi un vero e proprio Tailored Training.

Corsi online

La vocazione di iCubed nel campo della formazione è ora più forte che mai. Nell'ottica di migliorare il nostro servizio abbiamo attivato l'erogazione remota su tutto il nostro catalogo corsi, costantemente aggiornati e rivisitati.

Si tratta di una modalità che continua a prevedere la massima interazione con il docente, attraverso la condivisione dello schermo, sfruttando una lavagna virtuale e uno spazio comune in cui condividere il materiale.

Grazie alla nostra esperienza nel campo della Digital Employee Experience, possiamo offrire ai nostri clienti le migliori soluzioni software, per poter continuare ad erogare formazione in modalità e-learning, senza rinunciare alla qualità che contraddistingue da sempre i nostri servizi di training.

A grande richiesta, abbiamo introdotto una nuova funzionalità in materia di “Rendicontazione della Formazione Finanziata”, ovvero la tracciabilità digitale delle presenze, completa di ogni informazione utile a garantirne la conformità.
